

Dear _____,

Monday is the big day! Monday, you officially become a kindergartener. We are so excited to get to know you and begin our learning adventure together! To help make your first day a little bit smoother, we have a special gift for you—your very own slime! Did you know that slime is kind of like kindergarten? Let us tell you why:

- **Slime is squishy, stretchy, and sometimes a little messy, which is just like learning new things!** In kindergarten, we won't always get everything right the first time, and that's okay! Mistakes are how we grow, just like how slime changes shape the more you play with it.
- **Slime is fun to share and play with, just like making new friends.** We will learn how to work together, take turns, and help each other. In our classroom, we take care of one another.
- **Slime is all about exploring and using your imagination, just like our days in kindergarten.** We will read stories, build things, ask big questions, and try exciting activities.

You might be feeling a little nervous about the first day, and guess what? That's normal! Even grown-ups feel that way sometimes; we get nervous about the first day of school too. But don't worry, you already belong in our classroom, and we will be there to comfort you, reassure you, and will help you meet new friends. We can't wait to learn and grow with you this year! Get ready for a year full of laughter, learning, kindness, and fun. We're so excited to see you on Monday!

Love,

Mrs. Senack
